many worthy veteran programs.

OCT 6TH DINNER MEETING

**SPEAKER, Ricky
Deutsch** discuss-
ing "The History of
Film-based Intelli-
gence Satellites".

Slatts and I picked up the check today from Aimee Henry at Phillips 66 for the Walk of Honor. Even though covid affected the attendance, Phillips 66 was able to give us \$14,000. Way more than I expected. Many thanks to Aimee and Phillips 66. See photo.

Mangia Mi Restaurant in downtown Danville has this year donated appetizers for several of VNVDV events and functions. To recognize them I presented the owners with a VNVDV framed certificate of appreciation. See photo.

The main theme for this year's **Veterans Day (weekend) open house and museum will be Space**. The LHCC (Library and Historical Collection Committee) would like to display anything you might have on this subject. If you have anything related to space or even the Space Force, please let me know. **Nothing related?- they also are asking each Veterans Organization to be responsible for two tables worth of display items. The items can be anything related to your time in the military.** I am sure you all have items you would like to share with the community. Please email me your ideas, your list of display items, etc. at houseworks@pacbell.net.

And don't forget the **Veterans Day Ceremony itself. Friday November 11th at 11:00 am, downstairs at the main hall of the Veterans Memorial Building**. It will be a one hour ceremony then you and your family (bring the grandkids) can spend some time looking at the weekend's museum exhibits.

Summer is over, let's have some rain. And as John would say- *Get your flu shot*. Stay (or get) healthy and be safe.

VIETNAM-ERA VETERANS ELIGIBILITY FOR BENEFITS EXPANDED

VA

U. S. Department of Veteran Affairs

PACT ACT

Dear VA Northern California Health Care System Veterans:

On October 1, The Department of Veterans Affairs will expand and extend eligibility for VA health care for certain Veterans of the Gulf Wars and post-9/11 era.

This expansion will increase health care eligibility for hundreds of thousands of toxic-exposed Veterans. Additionally, VA has already expanded health care eligibility for certain Veterans of the Vietnam War. More detailed information about this expansion can be found on [VA.gov/PACT](https://va.gov/PACT).

President Biden signed the bipartisan [PACT Act](https://va.gov/PACT) into law August 10, authorizing one of the largest expansions of VA health care and benefits in U.S. history. Veterans can go to [VA.gov/PACT](https://va.gov/PACT) to apply for health care or learn more about what this bill means for them and their families.

"This expansion will bring generations of new Veterans into VA health care, and increase the health care benefits of many more, which will result in the one outcome that matters most: better health outcomes for Veterans," said **Denis McDonough, Secretary of Veterans Affairs**. "I highly encourage these Veterans to apply now for the health care they've earned and deserve."

Beginning on Oct. 1, Post-9/11 Veterans who did not previously enroll in VA health care will have a 1-year window to enroll if they:

- Served on active duty in a theater of combat operations during a period of war after the Persian Gulf War, **or**
- Served in a combat against a hostile force during a period of hostilities after Nov. 11, 1998, **and**
- Were discharged or released from active service between Sept. 11, 2001, and Oct. 1, 2013.

Also on Oct. 1, Veterans who served on active duty in a theater of combat operations during a period of war after the Persian Gulf War will be eligible for care. This includes Veterans who, in connection with service during such period, received the Armed Forces Expeditionary Medal, Service Specific Expeditionary Medal, Combat Era Specific Expeditionary Medal, Campaign Specific Medal, or any other combat theater award established by federal statute or executive order.

Starting now, Vietnam-era Veterans who served in the following locations and time periods are eligible for care: The Republic of Vietnam between Jan. 9, 1962, and May 7, 1975; Thailand at any U.S. or Royal Thai base between Jan. 9, 1962, and June 30, 1976; Laos between Dec. 1, 1965, and Sept. 30, 1969; Certain provinces in Cambodia between April 16, 1969, and April 30, 1969; Guam or American Samoa (or their territorial waters) between Jan. 9, 1962, and July 31, 1980; Johnston Atoll (or on a ship that called there) between Jan. 1, 1972, and Sept. 30, 1977.

While the expansion of PACT Act-related health care eligibility is staggered over the coming years, VA has made all [conditions outlined in the PACT Act](https://va.gov/PACT) **presumptive** for benefits as of August 10, the day President Biden signed the bill into law. Eligible Veterans and survivors are encouraged to apply for those benefits now at [VA.gov/PACT](https://va.gov/PACT).

More information about VA's implementation of the PACT Act can be found in this [fact sheet](#).

Thank you.

**Call & Schedule an Appointment for Your FLU Shot
by Calling: 925 / 372-2011**

Don't get the FLU - Get Your FLU Shot this month!

No-cost flu shots available for enrolled Veterans

Free flu shots start on September 16, 2022, at all VA Northern California Health Care System locations. Flu shots can prevent or reduce flu symptoms.

Why should I get a flu shot?

During the COVID-19 pandemic, it is especially important for all of us to do our part to help reduce the spread of the flu in our communities. A flu shot is a safe way to help protect yourself and those around you from getting sick and having complications from flu. You should get an updated flu shot every year. The flu shot neither prevents nor causes COVID-19. As a reminder, the flu shot cannot cause a flu-illness, and the vaccine we use does not contain any live virus. Visit the [VHA Public Health website](#) for more information.

Routine vaccination prevents illnesses that lead to unnecessary medical visits and hospitalizations.

If you have already received the COVID-19 and/or flu vaccine outside of the VA, provide your nurse with the documentation (date/location), so your records will be updated.

Enrolled Veterans get a no-cost flu shot at Martinez Outpatient Clinic

During Scheduled Appointments

Enrolled Veterans can request a flu shot during most scheduled appointments. Ask the provider or clerk about flu shots when scheduling an appointment.

Walk-In Vaccination Clinics

Flu shots are being offered on a walk-in basis at the Martinez, VA Clinic.

VA National Cemetery Honors Veterans

The National Cemetery Administration honors Veterans with final resting places in national shrines and with lasting tributes that commemorate their service to our Nation.

On July 17, 1862, Congress enacted legislation that authorized President Lincoln to purchase "cemetery grounds" to be used as national cemeteries "for soldiers who shall have died in the service of the country." Fourteen cemeteries were established that first year.

By 1870, the remains of nearly 300,000 Union dead had been buried in 73 national cemeteries. Most of the cemeteries were located in the southeast, near the battlefields and campgrounds of the Civil War.

The National Cemetery Administration has evolved slowly since the initial period of great challenge related to the Civil War. All honorably discharged Veterans became eligible for burial in 1873.

In the 1930s, new national cemeteries were established to serve Veterans living in major metropolitan areas such as New York, Baltimore, Minneapolis, San Diego, San Francisco and San Antonio.

In 1973, Congress transferred 82 national cemeteries from the Department of the Army to the Veterans Administration, now the Department of Veterans Affairs (VA). These were added to the 21 VA cemeteries at hospitals and nursing homes to comprise 103 cemeteries in what was then the National Cemetery System.

Fort Logan National Cemetery, Colorado

On November 11, 1998, the Veterans Programs Enhancement Act was signed, changing the name of the National Cemetery System to the National Cemetery Administration.

Tahome National Cemetery, Washington

Today, there are a total of 147 national cemeteries. The National Cemetery Administration is responsible for 131 of them, while the National Park Service maintains 14 and the Department of the Army maintains two cemeteries - including Arlington National Cemetery.

In the midst of the largest cemetery expansion since the Civil War, VA operates 131 national cemeteries in 39 states and Puerto Rico. VA's newest national cemetery, Washington Crossing National Cemetery in Pennsylvania, opened in January 2010.

More than 3 million Americans, including Veterans of every war and conflict - from the Revolutionary War to the conflicts in Iraq and Afghanistan - are buried in VA's national cemeteries.

Chattanooga National Cemetery, Tennessee

“THE KILLING FIELDS”

This British biopic follows two real life journalists, Sydney Schanberg of the New York Times and Cambodian Dith Pran in the mid 1970's as the Khmer Rouge take control of Cambodia. As the Americans leave Viet Nam, there is a simultaneous evacuation of journalists out of Cambodia. Sydney makes it back to the U.S., but is unable to bring Dith Pran with him. Dith Pran then begins a long journey through Cambodia where he stumbles into one of the infamous “killing fields” where millions were executed as Cambodia is devastated. He evades the Khmer Rouge as they fight a border war with Viet Nam. He eventually makes it out to a Red Cross shelter near Thailand and is flown to America. Sam Waterston is excellent in his portrayal of Schanberg, while first time actor, Haing S. Ngor won an Oscar for Best Supporting Actor. This is an intense film which depicts the brutality of the Khmer Rouge in gruesome detail.
