

- **VA COVID BOOSTERS AVAILABLE**
- [Martinez](#), Building AB6
Monday and Tuesday, 9 a.m.-12 p.m. and 1-3 p.m.

The [COVID-19 community levels and transmission risks](#) are rising in many of our communities. Here's what we know from the recent Omicron surge:

- People who were vaccinated were much less likely to get very sick or die compared to people who weren't vaccinated.
- People who had a booster shot had even better protection.

Vaccines and boosters continue to protect against new forms of the coronavirus (like Omicron). Staying up to date on your COVID-19 vaccines is the best way to protect yourself and your family. We continue to offer initial series and first and second boosters of the COVID-19 vaccines to Veterans, spouses, caregivers and CHAMPVA recipients at all 10 VA Northern California sites.

How to get a booster

Appointments are required. To schedule an appointment, please call 1-800-382-8387, press 4 or 5, or just stay on the line. You can also request a vaccine during an upcoming primary care appointment.

Below are the hours of our COVID-19 vaccine clinics.

- [Sacramento](#), Building 650, first-floor auditorium
